

## Blue Grouse

### Fun Fact :

Blue grouse are large mountain grouse that inhabit the Rocky Mountains, the Sierra Nevada, and the Pacific coastal range. They actually stem from two closely related but distinct species, the Sooty grouse and the Dusky Grouse.

Laminate

## Blue Grouse

### Clue #4

First, locate the Krebscreek Outdoors article that talks about the wild berries in Arkansas.

Next, find the 5th word in the 12th section.
